

GRAVEL ACCESS DRIVE NOTES:

1. Remove the chain link fence section as directed by property owner - DO NOT REPLACE
2. Existing drive apron located off Presidential Drive can be used as directed, and concrete or asphalt "slabs" along the access drive route may remain as long as they do not interfere with proper use of driveway.
3. Access drive to be placed and maintained for duration of time work is making Sunset Drive impassable. OWNER to review and approve access drive prior to blocking access to Sunset from Presidential - a minimum of 7 days prior to work.
4. Upon completion of project - clean up edges and reshape access driveway for neat, clean, and acceptable manner as approved by OWNER and property owner.

NOTE: THIS DRAWING SHALL BE CONSIDERED TO BE PART OF SHEET 7 OF 29.
