With an eye on continued service and growth in the region, CT Consultants is proud to announce the opening of its Hermitage, Pennsylvania office located at 3735 East State Street, Hermitage PA, 16148. While CT has been servicing communities throughout Western Pennsylvania for more than 30 years, the office opening marks the firm's first office rooted in the Keystone State.

CT Consultants' President, Dave Wiles states *"With our growing base of government clients and the outlook for engineering services in the region, we saw a need to become part of the community. It has always been important for CT Consultants to be involved and participate within the communities we serve. Opening an office in Hermitage was an obvious and important decision for us at CT."*

With professional staff located in Hermitage, many being Pennsylvania residents, the firm offers a better response to a growing list of Pennsylvania communities that includes the City of Hermitage, Cranberry Township, Cranberry-Venango County General Authority, and the Borough of Jamestown.

Current assignments in the region encompass a broad range of public projects that involve general municipal engineering; wastewater treatment and collection systems; drainage; roadways; park and recreation facilities; and economic development. Staff members routinely assist clients secure a variety funding for public projects.
