CT Consultants, Inc. is pleased to announce the addition of Paul Perrin, PE, SE, LEED AP Associate to its staff. Mr. Perrin joins CT Consultants as a Structural Engineer in the Cincinnati office. His responsibilities will include project management, project development and technical support. In addition, he will assist clients with developing and managing projects to address a wide variety of infrastructure needs.

Paul has 20 years of experience as a structural engineer and project manager on a variety of municipal, military, and retail projects. His expertise includes design of buildings, tanks, and other structures, building renovations, seismic design, risk assessments, progressive collapse analysis, and blast design. Mr. Perrin earned a Bachelor of Science degree in Civil Engineering from Virginia Polytechnic Institute & State University and a Master of Engineering degree in Structural Engineering from the University of California, Berkeley.

Paul is a registered professional engineer in California, Kentucky, Ohio, South Dakota, Virginia and Washington. Additionally, he holds registration for structural engineering in California, Hawaii and Washington.

About CT Consultants

CT Consultants is an Ohio based engineering, architecture, land surveying and construction services firm which has been providing municipal engineering services for more than 90 years. CT currently has over 225 professionals and has offices throughout Ohio, and in Kentucky, Pennsylvania, West Virginia and Europe.

Please contact Mr. Perrin at 513-791-1700 or email him at pperrin@ctconsultants.com information regarding your engineering related concerns.
